

**To the attention of
The friends and donors of
Fondazione Fonte di Speranza Onlus**

01/07/2022

**Koinadugu District
Fadugu Village**

Dear friends of Fonte di Speranza,

I am the Town Chief of **Fadugu community** in Sierra Leone and I'm writing on behalf of my community.

I am pleased to send you this short message **to congratulate you for the precious work done together with Fonte di Speranza Onlus Foundation in providing us with clean and safe drinking water supply system.**

I really appreciate your commitment in favor of the improvement of the economic and health conditions of my people and I would like to inform you that we are very grateful for the maintenance work carried out during these last months for the wells of the project "Pozzi della Speranza" all over the region and especially with the construction of the well in my village.

The construction of the well in my community was a huge success and **we can now boast of water supply all over the year. This would not have been possible without your financial support and humanitarian feeling.**

I would like to thank you from the core of my heart for your commitment and I would also invite you to continue with courage and determination, implementing the current services, training local staff and population to fight poverty, hunger, safeguard human health, reduce child mortality rate and water-borne diseases that still cause the death of many children and adults.

Yours Faithfully

Pa Kossie Kamara
